Table of Contents

01 About CellSonic p.03

A welcome to the CellSonic community and what to expect when working with us.

02 Chronic Diseases p.04

Presenting the CellSonic VIPP, the latest advancement of biophysics, eliminating chronic diseases globally.

03 CellSonic Beauty p.06

Pioneering longevity, our beauty products de-wrinkle and target fat reduction without drugs, surgery or side-effects.

04 Laparoscopy & Surgery p.08

Digital insufflators and portable light sources for endoscopies.

05 Dermatology & Dentistry p.10

Fat and surface germ reduction for skin and teeth decay.

06 Urology & Lithotripsy p.12

Digital uroflometry systems and Intra Corporeal Pneumatic Lithotripsy Systems

07 CellSonic Accessories p.14

Custom trolley designed for CellSonic products and micturition chairs.

08 CellSonic Franchise p.15

A CellSonic package including 3 products to run a CellSonic Clinic for chronic disease, beauty and veterinary markets.

09 Product Overview p.17

Full list of products and features.

10 Treatments List p.19

Full List of treatments and applications with our CellSonic product range.

About CellSonic

CellSonic is the latest advancement of biophysics technology for medical, veterinary and beauty applications. CellSonic has become what it is today through the culmination of over two decades of innovation by world leading scientists. With manufacturing facilities, global distributors and a team of CellSonic experts you will be equipped to eliminate chronic disease and more. Welcome to CellSonic for humanity.

CellSonic offers global shipping through the aid of CellSonic distributors who will ensure delivery, training and repeat order processing.

All CellSonic technology is designed with function in mind and achieving the highest quality products for longevity and performance.

CellSonic operates with the environment in mind, sourcing components sustainably and designing products to last.

Our team at CellSonic is proud to manufacture and distribute award winning technology. With awards for innovation, cancer prevention and research.

Chronic Diseases

HEALING OF WOUNDS, BONES, SPORTS INJURIES & NERVES

Most Outstanding Cancer Prevention Machine Provider 2025

The 2025 Global Business Insight Awards celebrates business leadership, innovation selecting CellSonic for their award.

Global Chronic Disease MedTech Innovator of the Year 2023

CellSonic VIPP is the culmination of over 20 years of innovation by world leading scientists. CellSonic Limited has been awarded: Global Chronic Disease MedTech Innovator of the Year 2023 in the Technology Innovator Awards

FOR CHRONIC DISEASES

CELLSONIC VIPP
 VERY INTENSE PRESSURE PULSE
 Biophysics in one package
\$POR

CELLSONIC VIPP

VERY INTENSE PRESSURE PULSE (VIPP) MEDICAL MACHINE

Based on the pressure pulses developed forty years ago to pulverise kidney stones. CellSonic has made unique advancements in the high voltage switching used to make the high pressure pulses. The VIPP produced raises cell voltage, generates electrolysis and implants neurons, stopping chronic diseases without drugs, surgery or side-effects.

SHOCKHEAD (WAND)

Consumable for CellSonic VIPP

- Sold individually and date stamped
- Shelf life of 4 months
- Delivers 50,000 shocks

CellSonic Beauty

Anti-Aging and Longevity

CellSonic is pioneering longevity by addressing aging and health with a root cause approach. With a deep understanding nutrition, exercise and relationships alongside CellSonic's biophysics technology, one can achieve longevity.

Rejuvenation

No one can escape aging but with CellSonic biophysics technology we can rejuvenate cells to restore youth.

Time Machine

TRANSCUTANEOUS ELECTRIC NERVE STIMULATOR

A controlled electrical current stimulates nerves to tighten the skin and smooth away wrinkles.

- Improves skin tone.
- Easy to assemble and operate.
- 10 Energy levels with digital adjustment.
- Time setting from 10 to 20 minutes
- Long lasting gloves included

Shape Machine

DIGITAL RF NON-INVASIVE FAT & CELLULITE REDUCTION

Based on Radio Frequency (RF) waves, targeting excess fat by driving controlled heat into body tissue to breakdown fatty cells, expelled through the urine system.

- Digital energy level and treatment time adjustment.
- Non-invasive, pain free and comfortable.
- Long lasting and quality RF Probe included
- Ultra High Speed Microprocessor.
- Portable, Light Weight system.

LONGEVITY

Healthy Glowing Skin

There is no better foundation than healthy glowing skin. Restore your skin's youth on a cellular level with our CellSonic Beauty product range without drugs, needles or downtime.

Laparoscopy and Surgery

International Best Lifetime Achievement Award 2024

CellSonic Ltd. has been conferred with the International Best Lifetime Achievement Award for research in Biophysics by Asia Research Awards 2024

Laparoscopy & Surgery

digiCARB - 4

DIGITAL CARBON DIOXIDE INSUFFLATOR FOR LAPAROSCOPY

High gas flow rate with precise electronic regulation. "Soft Flow-in" and "Soft Flow-out" Control prevents excess intra-abdominal pressure.

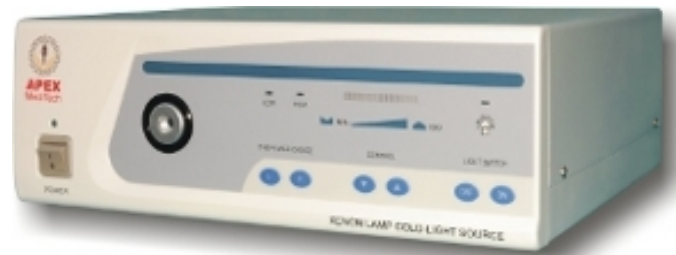

CLL 150

PORTABLE LED LIGHT SOURCE FOR ENDOSCOPIES

The state-of-the-art light source provides perfect illumination for all endoscopic specialties.

- LED life of about 55,000 hours
- In-built Filter
- Bright Light for Video applications

CLX250

PORTABLE XENON LIGHT SOURCE FOR ENDOSCOPIES

The CLX250 Light Source provides perfect illumination for all endoscopic specialties. The state of the art digital control ensures smooth and precise shutter operation.

- 250 Watts High Power Xenon Lamp
- Optical Collimator for maximum light.
- Hour Meter provided to monitor the Lamp Life

digiAIR - 4

DIGITAL AIR INSUFFLATOR FOR LAPAROSCOPY

Advanced High Speed Microprocessor Circuitry allows for superior accuracy and performance in delivery and measurement of AIR

Dermatology & Dentistry

30+ Applications

Across our product range we address over 30 conditions. Explore our product catalog to see our products, an introduction to the science behind them and their treatments.

CellSufflator

DIGITAL CARBOXYTHERAPY SYSTEM

Carboxytherapy is a non surgical procedure used to infuse Carbon Dioxide gas below the skin.

- Quick treatment with no down time.
- Portable, light weight system.
- Very comfortable treatment.

REDUCE EXCESS FAT

When injected through CellSufflator, carbon dioxide gas is directly toxic to fat cells. They burst and are eliminated by the body.

CellSploder

DIGITAL OZONE THERAPY SYSTEM

Treats surface infections effectively, fairly quickly. effective treatment for pimples, Acne, Athlete's foot fungal nails. Treat dental decay, periodontal pocket disinfection and dental caries.

DENTISTRY DEVICE

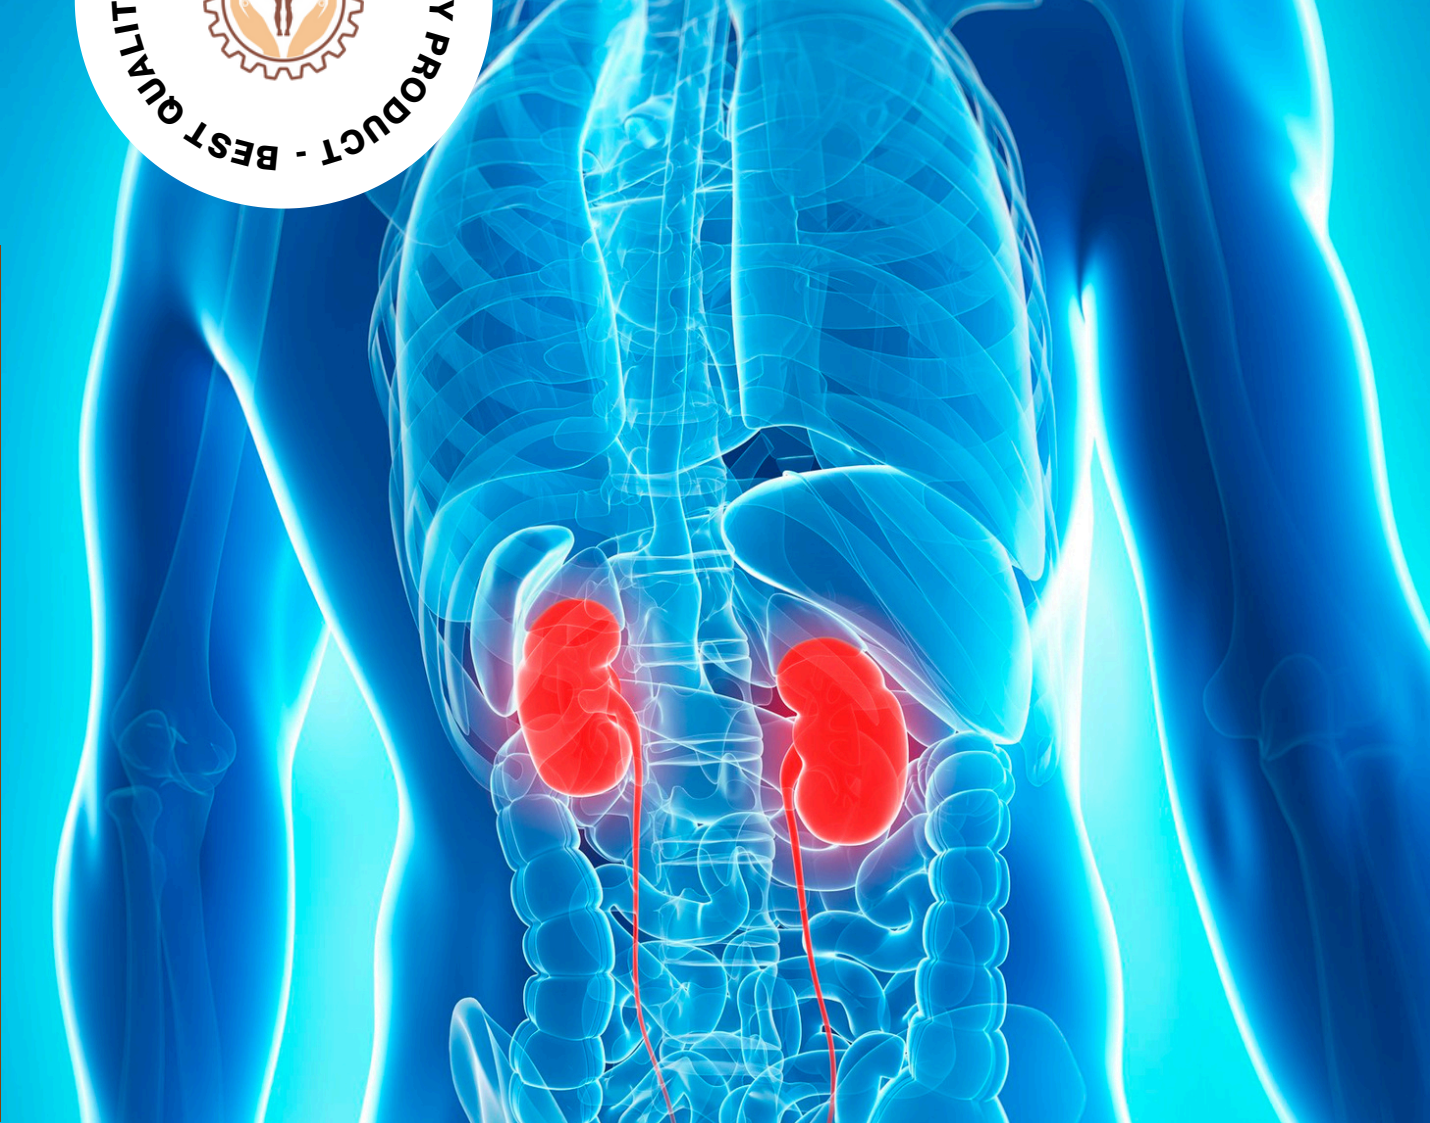

Easy to assemble and operate. Digital automatic energy level adjustment. Comes with probe to pinpoint the infected area to effectively treat it. Very comfortable treatment.

CellSonic

*Refer to Treatments list p.18

Urology & Lithotripsy

digiFLOW 4

PC BASED UROFLOMETRY SYSTEM

A Hi-Tech digital PC based Uroflometry system designed for practical, everyday pressure-flow studies.

digiFLOW ST2

STANDALONE UROFLOMETRY SYSTEM

State of the art digital Uroflometry system designed for practical, everyday pressure-flow studies. Data for every test is stored on a secured memory inside the system. The printer provides a simple, crisp and clear printout with Uroflometry results and patient information.

Lithosplit - 4.1 Digital

INTRA CORPOREAL PNEUMATIC LITHOTRIPSY SYSTEM

Full Digital Intra Corporeal Pneumatic Lithotripsy system to treat Kidney Stones. It uses economically available oxygen from cylinders or central system or a compressed air as a source of compressed gas.

Lithosplit - 4 Classic

INTRA CORPOREAL PNEUMATIC LITHOTRIPSY SYSTEM

Classic economical and state of the art Intra Corporeal Pneumatic Lithotripsy system to treat Kidney Stones. It uses economically available oxygen from cylinders or central system or a compressed air as a source of compressed gas.

CellSonic Accessories

MICTURITION STAND

UROFLOMETRY

Can be used with the digiFLOW series of the Uroflometry systems. It's compact and good for prostate camps. It can be used by males.

TROLLEY

FOR CARRYING MEDICAL EQUIPMENT

Trolley designed to fit dimensions of CellSonic's dermatology, urology and laparoscopy machines and accessories.

- Built with good quality mild steel.
- Epoxy powder coated.
- Available in three different sizes.

MICTURITION CHAIR

UROFLOMETRY

Designed for the digiFLOW series of Uroflometry Systems. It is a compact and simple chair. It can be used by males as well as females.

CellSonic

CELLSONIC PACKAGE

Eliminate chronic disease in a population with our CellSonic Franchise model.

3 PRODUCTS
INCLUDED

CellSonic Franchise

CHANGE LIVES WITH A CELLSONIC CLINIC

CellSonic has over 17 products but if you're looking for the simple solution to treat your region for chronic diseases and restore youth, the CellSonic package is what you need. With three selected products you have a wide service offering and capacity to serve beauty, veterinary and chronic markets.

CellSonic operates with a close customer relationship nurtured over time resulting in an in depth knowledge of operating and running a clinic with solely CellSonic equipment.

From customer's success stories, CellSonic has formulated a CellSonic Franchise offering a fully commercially viable business plan and strategy incorporating this CellSonic Package. Our CellSonic experts will guide you along every step from marketing to patient consultations.

Get in touch now for a CellSonic clinic profitability valuation in your region. We have a range of financing options available. CellSonic is patients focused, results driven, so are you.

CellSonic Package

Shape Machine

FAT REDUCTION

Radio Frequency (RF) waves, targeting excess fat by driving controlled heat into body tissue to breakdown fatty cells, expelled through the urine system.

Time Machine

DE-WRINKLE SKIN

A controlled electrical current stimulates nerves to tighten the skin and smooth away wrinkles without drugs, needles or side-effects.

CELLSONIC VIPP

CHRONIC DISEASE

The very intense pressure pulse (VIPP) produced raises cell voltage, generates electrolysis and implants neurons, stopping chronic diseases without drugs, surgery or side-effects.

Products Overview

CELLSONIC VIPP MACHINE

Very Intense Pressure Pulse (VIPP) for chronic disease

SHOCKHEAD (WAND)

Consumable for CellSonic VIPP

TIME MACHINE

Transcutaneous Electric Nerve Stimulator for de-wrinkling

SHAPE MACHINE

Digital Radio Frequency Non-Invasive Fat & Cellulite Reduction

DIGIAIR - 4

Digital Air Insufflator for Laparoscopy

CLL 150

Portable LED Light Source for Endoscopies

CLX250

Portable Xenon Light Source for Endoscopies

digiCARB - 4

Digital Carbon Dioxide Insufflator for Laparoscopy

CELLSUFFLATOR

Digital Carboxytherapy system to reduce fat

CELLSPLODER

Digital Ozone Therapy System for surface germs and dentistry

digiFLOW 4

PC Based Uroflometry System

digiFLOW ST2

Standalone Uroflometry System

LITHOSPLIT - 4.1 DIGITAL

Intra Corporeal Pneumatic Lithotripsy System

LITHOSPLIT - 4 CLASSIC

Intra Corporeal Pneumatic Lithotripsy System

TROLLEY

For Carrying CellSonic Equipment

MICTURITION CHAIR

Uroflometry chair

PRICE LIST

All our prices are available on request. Please get in touch with us via email sales@cellsonic-medical.com with your location and area of interest and your local CellSonic Distributor will be in touch.

Treatments List

01

UROLOGY

- Kidney Stone Removal
- Kidney Failure
- Urine Flow
- Erectyle Dysfunction, Peyronies
- Lichen Sclerosus

CellSonic VIPP

02

03

DERMATOLOGY

All CellSonic VIPP

- All wounds, non-healing wounds and gangrene
- Arterial (ischemic ulcer)
- Venous/varicose veins
- Neurotropic (Diabetic)
- Traumatic wounds including burn
- Infected ulcer (viral, bacterial, fungal, parasite) e.g. chronic TB, Leprosy, Buruli
- Inflammatory ulcer (various Rheumatology illness, lupus)
- Tumour / benign and malignant
- Psoriasis - release from itching and skin eruptions
- Aesthetics - Cellulite removal
- Stretch marks
- Plastic surgery - scar removal

04

PODIATRY

All CellSonic VIPP

- Diabetic foot ulcer
- Toe nail fungus, Gout
- Heel spur
- Plantar fasciitis

PHYSIOTHERAPY

All CellSonic VIPP

- Tennis elbow, Frozen shoulder, Achilles tendons
- Lower back pain
- Sports medicine - Muscle enhancement - Sprains

05

06

SURGERY

- Light Source
- Insufflator

CLL 150
digiCARB4

DENTAL

- Caries
- Periodontal disease
- Osteonecrosis of the mandible

CellSploder
